Single Family Housing Programs
SINGLE FAMILY HOUSING
502 - DIRECT PROGRAM
Also known as the Section 502 Direct Loan Program, this program assists low- and very-low-income applicants.

- Obtain decent, safe, and sanitary housing in eligible rural areas by providing payment assistance to increase an applicant’s repayment ability.
  - Payment assistance is a type of subsidy that reduces the mortgage payment for a short time.
  - The amount of assistance is determined by the adjusted family income.
  - Generally, rural areas with a population less than 35,000 are eligible.
  - Loan funds may be used to help low-income individuals or households purchase homes in rural areas.
    - Funds can be used to build, repair, renovate, or relocate a home, or purchase and prepare sites, including providing water and sewage facilities.
    - The maximum loan amount an applicant may qualify for will depend on the applicant’s repayment ability. The applicant’s ability to repay a loan considers various factors such:
      - Income, debts, assets, and the amount of payment assistance applicants may be eligible to receive.
Regardless of repayment ability, applicants may never borrow more than the area loan limit (Plus certain costs allowed to be finance) for the county in which the property is located.
Several factors are considered when determining an applicant’s eligibility for Single Family Direct Home Loans

• At a minimum, applicants interested in obtaining a direct loan must have an adjusted income that is at or below the applicable low-income limit for the area where they wish to buy a house and they must demonstrate a willingness and ability to repay debt

• Applicants must:

  ❖ Be without decent, safe, and sanitary housing
  ❖ Be unable to obtain a loan from other resources on terms and conditions that can reasonably be expected to meet
  ❖ Agree to occupy the property as your primary residence
  ❖ Have the legal capacity to incur a loan obligation
  ❖ Meet citizenship or eligible noncitizen requirements
  ❖ Not be suspended or debarred from participation in federal programs

- Applicants must meet income eligibility for a direct loan.
- Please refer to the program contact list to ask for additional details about eligibility requirements
• **What is the interest rate and payback period?**
  - Fixed interest rate based on current market rates at loan approval or loan closing, whichever is lower.
  - The monthly mortgage payment, when modified by payment assistance, may be reduced to as little as an effective 1% interest rate up to 33-year payback period - 38-year payback period for very low-income applicants who can’t afford the 33-year loan term.

• **How much down payment is required?**
  - No down payment is typically required.
  - Applicants with assets higher than the asset limits may be required to use a portion of those assets.
  - Is there a deadline to apply?

• **Is there a deadline to apply?**
  - Applications for this program are accepted through your local RD office year-round!

Multi-Family Housing

* Program Managed by National Office
Multi-Family Housing Programs

• We provide affordable multi-family rental housing in rural areas by financing projects geared for low-income, elderly and disabled individuals and families as well as domestic farm laborers. We extend our reach by guaranteeing loans for affordable rental housing designed for low to moderate-income residents in rural areas and towns.

• We preserve our portfolio of more than 14,000 properties by aggressively restructuring loans for existing rural rental housing and off-farm labor housing projects to allow for sufficient reserves to meet major repairs and improvements over the lifetime of the property. On a yearly basis we provide grants to sponsoring organizations to repair or rehabilitate housing for needy families. We also subsidize rents for low-income tenants in our projects who cannot afford to pay their full rent.

• Here are our Multi-Family Housing Programs:
  • Farm Labor Direct Loans & Grants
  • Housing Preservation & Revitalization Demonstration Loans & Grants
