

PREPARING AND PREVENTING WILDFIRES

Congressman Darrell Issa is a leader in securing Federal resources to help our community prevent and prepare for wildfires

Active and Robust Forest Management

Introduced the “Green Tape Elimination Act”

Cuts excessive regulations to allow faster wildfire prevention efforts on Federal lands.

Supports the “Fix our Forests Act”

Streamlines approvals for vegetation management to reduce fire hazards in overgrown forests.

Supports the “Save Our Sequoias Act”

Enhances coordination among Federal, state, tribal, and local officials to mitigate wildfire risks.

Endorsed the “Proven Forest Management Act”

Empowers local communities to take proactive steps in wildfire prevention

Enhance Fire Response Tools and Resources

Introduced the “Direct Hire to Fire Act”

Speeds up hiring for wildland firefighters to fill critical vacancies

Supports the “Emergency Wildfire Fighting Technology Act”

Advances new aerial firefighting technology to improve rapid response

Supports the “Fire Grants Safety Act”

Secures funding for firefighter training, equipment, and emergency response resources.

Funding for Local Fire Response needs

Requests federal support for expanding local water resources, community and tribal emergency operations and other robust local response tools.
