The Honorable Rosa L. DeLauro  
Ranking Member  
Committee on Appropriations  
1036 LHOB  
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Rancho California Water District Safeguarding Drinking Water Supplies Against PFAS & Emerging Contaminants Project in Fiscal Year 2026. The entity to receive funding for this project is Rancho California Water District, located at 42135 Winchester Road, Temecula, CA 92590.

The funding would be used to construct advanced treatment facilities that will remove PFAS, arsenic & other contaminants from drinking water for 150K+ residents. The project is an appropriate use of taxpayer funds because it will ensure safe drinking water.

The project has a Federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,
